Zeitschrift

Notes:
Sociology International Journal (SIJ) is an international open access peer reviewed journal which mainly publishes the research articles and theoretical essays by social scientists from around the world, providing insight into the issues facing by the society as well as social and cultural systems in other countries. This journal presents path breaking work from all areas of sociology, including anthropology, criminology, philosophy, education, gender, medicine and organization with significance on theory building and innovative methods. SIJ strives to articulate with the sociological researchers and is open to receive contributions from anthropologists, statisticians, economists, educators, historians and political scientists
